

Mechanics And Electrodynamics Of Magneto- And Electro-elastic Materials

[DOWNLOAD HERE](#)

G.A. Maugin: Electromagnetics in deformable solids - A. Dorfmann: Modeling nonlinear electroelastic materials - R.W. Ogden: Magnetostatics: from basic principles to nonlinear interactions in deformable media - J. Emiston, D.J. Steigmann: Analysis of nonlinear electrostatic membranes - P. Steinmann: Computational nonlinear electro-elastcity--getting started - A. DeSimone: Electro-mechanical response of nematic elastomers: an introduction EAN/ISBN : 9783709107010 Publisher(s): Springer, Berlin, CISM
Discussed keywords: Elastizitt, Elektrodynamik, Elektromechanik, Magnetische Werkstoffe, Magnetismus
Format: ePub/PDF Author(s): Ogden, Raymond - Steigmann, David
