A combination of Americana and Americana folk. Story songs with serious bite from the new face of Americana music. "Agabus is raw, reckless, relentless and enticing." 14 MP3 Songs FOLK: Folk Pop, COUNTRY: Country Folk Details: As a member of the award winning J.D. Hinton Band, Agabus traveled the United States and abroad sharing the stage with such diverse musical luminaries as Alabama, Marty Stuart, Vince Gill, America and .38 Special. The band also made numerous national television appearances and was the cover story in an issue of the Texas based, Performance Magazine. As a result of the bands musical versatility and take no prisoner approach, they were signed to RCA Records with Barry Beckett and Larry Lee assuming production reins. Following a name and label change, the band, then The Coyote Brothers, parted company in 2003. As a songwriter, Agabus has been honored with ASCAPs Live Performance Award of Merit and has had songs recorded by numerous recording artists. He also penned all but one song on the two critically acclaimed records released by The Coyote Brothers. The voice of Agabus surely pulled and dumped me into a vat of originality so thick that I floated to the top like a stick of wood. This is the kind of music that I listen to over and over again. Even after being involved with the production process. I find myself sneaking a listen in when the smoke has cleared and it's just me. I realize that being a part of something this cool and creative will no doubt make a mark on the industry. I can say I was very proud to be involved with the creation of the project and will always feel the same joy when I hear it again and again and again. Agabus is raw, reckless, relentless and enticing. Brad Davis The Billy Bob Thornton Band, David Lee Roth, Earl Scruggs, Sam Bush, Marty Stuart, et. al.
