He blends the laid-back California country of Merle Haggard with the hard-rocking Americana of the band and the Grateful Dead with a touch of Stax r&b and White Capricorn Records soul to create an album that is desperate, yet relaxed. 10 MP3 Songs COUNTRY: Americana, ROCK: Jam-band Details: This is honest music about love and life. I play American Music. I sing songs about the changes that occur in all of our lives. I don't sweeten up a song about love, because love isn't always sweet. I don't sadden up a song about death because death is a natural part of life. I sing real music with real lyrics about real people. My songs come from the limited view of the world I have had over the past 26 years. Hopefully the longer I'm around, the better the songs will be Allen Thompson "Allen Thompson is one of the best new artists to come out of the South in recent times....hes got soul, hes got groove and he knows how to rock. With Jimmy Nalls fine production and all the great musicians on the CD, its on my highly recommended list!" -Chuck Leavell (Rolling Stones, Allman Brothers Band, Sea Level) People who are interested in The Allman Brothers Band The Band Gram Parsons should consider this download.
