I believe i had a normal life with ups n downs and all that with family, friends, and others. Haters come and go in my life. I really dont pay them no attention. But all in all, I am easy to get along with, cool, goofy, and talented. I love Jesus o so very much, he is and will always be ahead of my life. Well anyway, I have been rapping since I was like 10. I doubt if I was sweet, but hey I was just a rapper in the making. I met Queen Miss in 8th grade, then we start rapping together in the lunch room. We always said we was gone make a CD together, but i didn't think that was going to happen fa real. It did though and i'm ready to do it big. We had alot of fun making the CD. In and out of the studio just about every weekend, trying to find a ride to get there, writing songs all the time, making beats, doing shows, eating them Sunchips, Flamin Hot Lays, Cheddar Ranch Flavor Twists, and sippin on that Everfresh every time we went to the studio, it is like our energy drink. I have to go now because my momma keep telling me we have to go. So, I love u all o so very much....enjoy the CD 2 B COOn 10 Ued..... IM GHOST!!
