Experimental indigenous electro hop 13 MP3 Songs in this album (56:29) ! Related styles: ELECTRONIC: Experimental, HIP-HOP/RAP: Alternative Hip Hop Details: Goddess Alchemy Projects music integrates elements of underground hip hop, world accents, spoken word flows, and soulful melodies, combined with ancient texts, quantum physics, ancestral roots, multi-dimensional symbology, and an all-female cypher. The result of this equation is a new musical science they call Open Source Soul Floetics. Expanding upon their May 2007 release, Tapestrategic WorX EP," Goddess Alchemy Project has refined a cutting-edge musical journey born of the genre-bending culture of the west coast underground. Their crafted lyricism and haunting melodies are woven together with original music composed by some of the West Coast's finest producers, creating an unprecedented fusion of influences.
