A soulful blend of jazz and urban music styles, with a vocal reminiscent of Stevie Wonder and Donny Hathaway. 6 MP3 Songs URBAN/R&B: Soul, JAZZ: Smooth Jazz Details: The release of a cover of the Gap Band classic "Someday", which featured Jag and the legendary vocalist and Bollywood actor Shankar Mahadevan, took the Indian sub-continent by storm, selling over 250,000 copies. Levis Jeans were so impressed with this record that they used it as an integral part of a major advertising campaign. Since then the British public have had a chance to sample the soulful, dynamic voice of Jag on television, radio and in the live arena. Jag has continued to build a great reputation for himself supporting artists such as Joe, Kelly Price, Donell Jones and Truth Hurts to mention a few. The forthcoming release by Jag is the soulful "Whatever It Takes", which has already picked up "A" listing on BBC 1Xtra, BBC Asian network, Choice Fm and the Galaxy Network. We believe a truly great artist is poised to take the global entertainment industry by storm, but don't just take our word for it.....listen for yourself! Whatever it takes will be released on VME Records on the 6th September 2004.
