Come Read This Diary is a collection of songs to mark memories through his life. Using acoustic guitars and piano's, he has created an honest effective album that would be at home on anyone's CD collection. 10 MP3 Songs EASY LISTENING: Mood Music, POP: Piano Details: Hi. I am a singer/songwriter from Burnham-on-Crouch. It's a little boating town in Essex My love for the guitar started when I was 6 years old. I remember my dad playing his twelve string acoustic on the sofa. It amazed me this wooden box and with all that sound - totally amazing. For Christmas when I was 7, I got my first guitar. Me and my dad played together for years and he has taught me everything I know. At the age of about fifteen, I started to wander slightly listening to more modern music. By the age of seventeen I started writing music, and it was my calm. Ever since then I've found it my escape to write music and express myself in song. I have written and recorded this album in my home recording studio created on a budget, spending many nights and hours trying to craft my debut masterpiece. Hope you enjoy. Come Read This Diary. Mark Lester.
