Very diverse progressive jazz rock 11 MP3 Songs JAZZ: Free Jazz, ROCK: Progressive Rock Details: ONOFFON is a very diverse, self-produced progressive jazz rock group based in L.A. In the reviews ONOFFON's debut CD, Surrender Now, has received, they have been put in the same class with the likes of the Dave Matthews Band, Brand X, Phish, Patrick O'Hearn, Frank Zappa, King Crimson, and Michael Hedges. If you are familiar with ALL those artists, you will begin to understand how diverse this talented group of musicians truely is. From the odd-metered jazz/rock of 'Surrender Now' and 'I Don't Give No ...' to jazz fusion tenor sax instrumental 'Weekend in Montreal', to an alternative classic 'Inside My Soul', to the 12-minute prog/odyssey 'Remember Only...', this group displays a variety as yet unparalleled, or even unattempted.
