Rock and Roll that isn't cliché. Think Ben Folds with less sarcasm. Only a listen can really illustrate their trademark sound. 11 MP3 Songs ROCK: Emo, POP: Piano Details: Paperface returns with a brand new full length album, The Legend of Harley Knowles. It was recorded at Thro's in York, PA during the Spring and Summer of 2004. Despite every member of the band going to school full time and working during the summer, they persevered and created an album that will appeal to all types of music fans. Chris Merritt, the main composer of the group, has crafted melodies that will take you back to your Pinkerton days and leave you wanting more.
