A collection of funky, smooth, and "other" kindsa sounds. Guitarist Sam Crain also plays keyboards, bass and percussion on this one. Moves and grooves to "take you higher" 12 MP3 Songs JAZZ: World Fusion, NEW AGE: Ambient Details: Dance Your Way to Heaven This is my collection of 'kinetic kuts'(wow, an unintentional geographic pun), rhythmically-oriented material of slightly varying styles, but still all 'groove-based' stuff.. Everything in here moves- at different rates of speed(i.e. tempos)but moves nonetheless. Thus you can, if so inclined, move yourself along with it in whatever manner you see fit(hopefully you'll draw your shades first if at home). Most of the selections are actually 'normal' songs with melodies and 'cool'(one hopes anyway)guitar solos thrown in, a few get a bit more abstract, but, yeah, it all moves and grooves- albeit sometimes to a somewhat "different" drummer. You may not actually dance all the way to Heaven, but hopefully this music will raise your spirits--maybe even turn out to be a 'heavenly' experience. Hope you enjoy "Dance Your Way to Heaven". Sam Crain SAM CRAIN is a jazz guitarist and composer from Springfield, Illinois with 14 CDs to his credit(counting this one)all available on CD Baby.
