Adult Contemporary Pop/Smooth Jazz/Eclectic mix of Cool Melodies and Meaningful Lyrics. 13 MP3 Songs EASY LISTENING: Crooners/Vocals, POP: Beatles-pop Details: Every now and then there exists an artist who has something new to offer. That artist is STEVE SCULLY. Different artists do this in different ways. Some debut with an earth-shattering explosion of notoriety, while others seem to gain recognition at a slower pace. Steve Scully has always had his own unique style and recognizable sound, and is just now coming into his own. Born in Canada and raised in Los Angeles, Steve developed an interest in music at a very early age. "I enjoy the challenges of performing and feel at home on any stage. I'm different, and I'm proving it with my sound. I like to stretch. It's something new for today's listeners." I tend to think of a phrase that catches me, and that can become a title. I'm always writing down ideas for songs. I write from the heart and soul and hope that people can relate to it. Scully's songs seem to paint pictures for the listener to see, weaving together a meaningful message with every song.
