Bold, brash, dancey, and still experimental, the A.R.C. returns for the fourth installment of the Brilliance In Action 2004 Series, this time with live instrumentation. 17 MP3 Songs ELECTRONIC: Industrial, ELECTRONIC: Experimental Details: The fourth installment of the 2004 Cycle, this is an aggressive change of pace for the A.R.C. After gradually adding beats to drone/New Age washes, he let took a break to find himself while DJ A threw up a fully experimental set based around the code for de-copyprotecting DVDs. What the A.R.C. found wasn't pretty. This month the he returns returns alone with a new, more abrasive approach. Here his industrial tendencies come to the fore, with assaults on your ears and your brain. Percussion tracks slam into each other, gentle drones become harsh feedback wails, simple melodic figures transform into squals of noise. This is the sound of a brain coming undone. With porn on the cover. BIA0020
