Trash Rock 12 MP3 Songs ROCK: Hard Rock, METAL: Thrash/Speed Metal Details: The Campaign 1984 is a dirty south rock and roll band out of Asheville, NC. Armed with the aggression of hardcore and the chaos of punk rock, they spit out a racy blend of politically charged lyrics and in-your-face rock that would make even Phil Rudd proud. It's as if Axl Rose transcended the period of his career where he started to suck and started writing scene music. This band is dirty, southern, addictive, and above all else, tough-as-nails, so if you're in the mood to sell your soul for rock and roll...look no further.
