The music on OINK is hooky Power Pop, with the key element to THE PIGS Wall of Pop sound being GEOFF WESTEN's quirky and eclectic mix of what Pop Music is all about. 10 MP3 Songs POP: Power Pop, ROCK: Modern Rock Details: . THE BIG OINK! OINK! hooky power pop that runs the gamut of pop music styles. The common denominator on all the tracks is PIGS' leader GEOFF WESTEN's quirky and eclectic mix of what pop music is all about. Songs like "Oh Girl" and "Heartbreak Street" sound like pop song standards. "Paradise" and "Saturday Night" rock out with enough guitars and energy to fill an arena stage and "Sweetheart" is a classic rock ballad. Other little gems are pure Westen, highly stylized punkish pop tracks "I'm Sick", "Stand Back", and "Beat Me Up." Westen's layer until it hurts approach to building music is a key element to THE PIGS "Wall of Pop" sound. Each song is a musical skyscraper; layer upon layer until the pinnacle is cemented in place. You might not hear it all the first time or the second time. That's what keeps it interesting. Every time you give it a listen you will hear parts that you missed the time before; you will see more of the colors, taste more of the flavors. It just keeps getting better and better. The lyrics are about us--what we do and why we do it. The messages are clear...it's important to party...don't be afraid to ask for love...let's find paradise and move there...love will find you when you least expect it...give people space to be themselves...love can make you hurt...it's ok to run from danger...it's too bad we hurt the ones we love...and keep doing the things you do so right! We hope you enjoy all the sounds that THE PIGS make on this CD. BE A PIG AND BE PROUD!
