SPOKEN WORD: With Music, URBAN/R&B: Soul Details: According to Webster's Dictionary, the word whisper has many definitions for example, to speak softly or in a low vocal tone: to speak without uttering voice or sonant breath, to speak under breath or furtively in order to plot malign, or gossip, a hint: a suggestion: an insinuation. If the expectation is that you will hear a faint uncertain voice lacking confidence and conviction, dispel those notions immediately. Open your mind and your ears to "the whisper". This paradox is a strong, forceful, powerful, certain, confident powerhouse speaking the truth through experience, passion, tenacity and determination to bring forth change. "The whisper" is one of the most talked about poets on the Philadelphia scene. Her fiery style ranges from religious to hip-hop, neo-soul to slam. She has performed with artist including Black Ice and Brand Nubian. She has won slam competitions, including the first ever MidAtlantic Slam Championship, all the while holding on to her ability to flip the script and bring forth poetic gospel. The whisper's spoken word will electrify you. Her novels and short stories will captivate you. Her very presence will enthrall you. She is not your ordinary artist, she is a force.
