

# Quality Improvement In Adult Vocational Education

[DOWNLOAD HERE](#)

Better workplace skills are a priority for the worlds governments. They are a key driver of productivity, essential to success in the global economy. In England, the fifth largest economy in the world, the quality of workplace learning has doubled since 2000, the result of new techniques of improvement developed by the authors. This book examines the UK experience in order to draw lessons valuable for companies, countries and colleges worldwide. It shows how a firmly established British technique inspection of learning, updated with modern business methods and communications becomes the means for transforming learning for work. EAN/ISBN : 9780749454227 Publisher(s): Kogan Page Format: ePub/PDF Author(s): Sherlock, David - Perry, Nicky
