1. Introduction.

I would first of all like to thank you for choosing to buy this eBook from me. I hope you get as much out of reading it as I have writing it. I would first like to state one thing before we get started. If there is one thing that annoys me it is someone who says they will show you how to make money on (or using) eBay then they don't (or won't) reveal their eBay ID. Even after you have invested \$100s or even \$1000s in their product. Probably a product they have paid someone \$200 to create on Elance.

Now while I know most sellers are genuine the reason some sellers will not reveal their eBay ID is because they don't even trade on eBay or are not doing as well as they claim. You should be very sceptical if someone wants 100s of dollars for such a product if they are not prepared to reveal an eBay ID.

As you may have already noticed I am different, my eBay ID is **planetsms**. Now you may ask why I reveal my ID. Some would see it as financial suicide. Well the simple reason is while most people can watch me run my eBay business they do not know what goes on in the background. That is what I am about to share in this eBook. I would also like to point out this eBook is 100% written by myself. I have not hired someone to write this for me. This means that there may be the odd spelling mistake or grammar error. I wish I was perfect but I'm not and I'm sure you can live with that 😊.
