History of Higher Education Annual, Volume 23 provides insight into the struggle for civil rights and desegregation of Southern higher education, illuminating how this conflict affected private, historically black colleges and white denominational colleges, while interpreting the dynamics of segregation and desegregation in South Carolina. Other contributions examine town-gown relations for Harvard students in the eighteenth century and the challenge of creating an urban public university in Chicago. Review essays examine the demographic and cultural transformation of British higher education and the curious phenomenon of historical encyclopedias of individual colleges and universities. History of Higher Education Annual will be of interest to historians, sociologists, educational policymakers as well as those concerned with the future of higher education in the United States and throughout the world.

Roger L. Geiger is Distinguished Professor of Higher Education at the Pennsylvania State University. He has edited the History of Higher Education Annual since 1993. His two volumes Research and Relevant Knowledge and To Advance Knowledge (both published by Transaction) cover the history of universities in the United States during the twentieth century.
