

Mp3 Act Of Congress - Love Remains

[DOWNLOAD HERE](#)

A dynamic ensemble defining a new music genre combining folk, rock and bluegrass. 4 MP3 Songs

COUNTRY: Alt-Country, ROCK: Acoustic Details: The music of Act of Congress is, in a word, contagious.

Using classic bluegrass instrumentation, AOC strays from tradition, creating an acoustic palette of rock,

jazz and folk genres for their listeners. Their latest 4-song EP, Love Remains, showcases this young quartets talent and ability to write and arrange musically and lyrically complete songs that wield a sense

of unpredictability. Residing in Birmingham, AL, the four members of Act of Congress are committed to

the creation of music that is unique. Chris Griffin (guitar/dobro/lap steel) and Adam Wright

(mandolin/guitar), became friends in college and had more rock-related backgrounds in music. After being

exposed to progressive bluegrass music, both became very interested in modulating their rock knowledge

to acoustic instruments. In 2006, Tim Carroll (upright bass) was hired to perform on several tracks for

Adams solo project. An instant friendship and respect developed between the three and the notion to

create an acoustic band originated. Almost a year later, Bethany Borg, fiddle champion in ten states,

moved to Birmingham for college. After hearing her play at an afternoon rehearsal, the quartet solidified.

Since their banding in May of 2007, AOC has consistently attracted attention in Birminghams music

scene. Having been featured twice on WBHMs Tapestry radio program and opening Live Nations VIP

area for artists such as John Mayer, Toby Keith and Alan Jackson are some of AOCs finest

accomplishments. Also, in a town dominated by an alt-rock music scene, AOC has gained a loyal fan

base that faithfully supports them at upper class venues such as Workplay Theatre. With only a little over

half a year of music making, one might mistake this acoustic quartet as having played together their entire

lives. The conversational feel of the music creates an unpredictable yet enticing journey for listeners. It

may be acoustic, but one thing is for sure - when trying to find music that is refreshingly original and

honest, it takes an act of congress. People who are interested in Alison Krauss Union Station Nickel Creek should consider this download.
