Ambient electronic, new age, shamanic, space music soundworlds. Musical medicine for the soul. 10 MP3 Songs ELECTRONIC: Ambient, NEW AGE: Space Details: "In-Sense", The follow up companion disc to "Tantra Majik". Meant for late, hot summer nights with the lights low and the incense burning, this will bring the mood together for you and your lover. A truly exotic, lush, meditative album with deep space zones and pure, driving electronica. Reminiscent of classic Tangerine Dream and the many stages of Steve Roach. A real primal approach, using electronics and organic instruments. Sure to complete your "IN-SENSE" zone.
