Drupy, Kev, and VA are back on their latest release "The Brownstone Bullies". Partly inspired by the classic mafia movie "CASINO" evident from Drupy's newly acquired moniker of Nicky Santoro, The HSE crew Debuts their new group, Verbal Assault, and steps their game up bringing an array of heat to the cooling streets of Nashville, TN. The album has a banger for everyone from the Chi-town Banger "Jackin' Our Slang", the Down South Anthem "Need to Know" from new Hunnedspoke affiliate St. Louis, and the West Coast C-walkin joint "Don't Fuck With Us". There is also a lot to be said of Nashville native and Verbal Assault member Boogie Dollar\$, who is drawing a lot of attention from his flow. He is often compared to the likes of Ca\$hville's own, Young Buck, but others argue he may be ready to take the torch from him. So from Ca\$hville to Cali or where ever you're from, stoop niggas don't stand a chance from the Brownstone Bullies.
