He writes in way of observation and feeling touching on the slice of life. He has found a way to take his voice/content/flow and blend it ever so nicely with the beat to make a visual soundscape. The beats on this album come from all over the map - Seattle, Los Angeles, Boston, Philadelphia and NY this makes it feel urban yet universal. Seattle singer Ms. Karter blesses three tracks with soulful delivery and passion her performance on Pro and Con is nothing short of amazingit sounds like a sample but it is really her! Longtime friend and former rhyme partner Kontinuwis matches wits and throws rhymes back and forth with Tulsi on the memorable track Travel Back. The album hits with Confidences boom bap beats on Sharpest Blade and Headcrack while shifting to Omids subtle smoothness on Love Makes a Shadow and The Breeze. While "Do Something," produced by Elusive, comes off as a high-energy anthem. Dope stuff for all listeners. 14 Tracks of real raw hip hop music.
