Easy to use - Too easy that it won't involve any codes, html, SQL or even copy-and-paste! Make a prelaunch page - Before the product launches, you might want to ask visitors to subscriber to be one of the early birds! Launch sales on specific date! - Now you can launch a sales on a date your have specified and it will change the page automatically on that date! End sale on specific date - No more lying to your visitors, telling them it will end tomorrow and tomorrow never ends! Sales booster - If you have great offer that is DAMN new and hot, with the right strategy, you can prelaunch with a special price and launch it with the normal price!
