Simple songs about nature and the environment for kids ages 4-7. 14 MP3 Songs KIDS/FAMILY: General Children's Music, FOLK: Gentle Details: "Trees, Trees, Trees" features 14 easy to understand songs for children ages 3 to 7 - seven songs about nature and seven songs about the environment. Songs and subjects lend themselves to multiple uses with children individually or in groups. MUSIC EDUCATORS JOURNAL suggests it as music for the young while FIRST TEACHER recommends the CD for use in music, math and science programs. EARLY CHILDHOOD NEWS wrote "the songs present a variety of moods and rhythms while stressing respect for life and our environment in a non-preachy way". A CD of nature-oriented songs for children 2-5 is also available in hard copy at cdbaby from Bob Neary - "Over In The Meadow". An easy-listening CD of Bob's own compositions - "I Can't Quit Now" - will be available soon from Estate Records, and a single track on a collection of train songs will be forthcoming in 2006 from NBT Records.
