Why not have Bible verses in the songs??? Kids love music and learn the words so easily. Booples videos are based around lessons with Bible verses and the songs also contain the same verse. Here are the Booples songs. 9 MP3 Songs KIDS/FAMILY: Sing-Along/Interactive, SPIRITUAL: Contemporary Christian Details: Booples videos are meant to help parents by giving them an Christian alternative to so many videos on the market today. Kids learn the songs so easily and Booples songs have the Bible verse from the story right in the song. The songs are fun, silly and catchy. Kids love them and learn an important lesson from God and scripture while enjoying the songs! A friend mentioned how her son memorizes all the songs in all the videos he has. I thought "Then the songs should have Bible verses in them!" I worked w/ Sean Phillips and Pete Buchwald (PeteBuchwald.com) on the songs and animated the stories for the first DVD. The Booples CD contains songs from the first DVD and the second DVD, "Booples 2: Yikity Blar!".
