Details: David Allan Rivera Born in Bayamon, Puerto Rico. At an early age went to live in New York and Connecticut where I had the opportunity to share the stage with excellent musicians of different cultural backgrounds. I was extremely influenced by the Blues, R&B, Rap, Funk, Latin music, Jazz and Rock. In the year 2000 I moved to Puerto Rico to grasp and understand from the masters my latin musical roots and fuse the latin music with my knowledge of the Blues, R&B, Soul, Funk, Rap, Jazz and Rock. I had the privilege to study with some professional outstanding musicians who have travelled all over the world playing. They are Alfredo Rodriguez-master conguero, Raul Rodriguez-percussionist, Felix Ventura-Master conguero, Miguel Fuentes-drummer and percussionist, Victor Campbell-Drummer and Percussionist. And, recently, with Efrain Toro- drummer, perussionist and educator. Based on all of the above, "Sentiment in Color" is born. Tags: pop
