R&B oldschool flavor with todays sounds jazz licks with hip hop kicks r&b at its best. 9 MP3 Songs
URBAN/R&B: Contemporary urban, URBAN/R&B: Soul Details: I grew up listening to R&B music, studying old school singers smokey, marvin gaye, phillip baily, coming up with a mixture of all creating my own unique style, blending natural tones with clear falsetto, giving you a new sound. I've played in the united states and canada and south east asia building a fan following. Now I'm settled in japan where I've living for the last year. Growing up new york wasn't easy. I've always loved music, but sometimes you get caught up in the street life and it can take you away from your goals. with the help of god I was able to concentrate on coming to japan to focus on music. one day I hope to return to the u.s to play my music to all of my friends and family. Thank you for listening to my CD. I hope you like it. God bless. David.
