"It doesn't matter what your musical taste is. It crosses all lines. Color really doesn't matter. If you're feeling down, it will pick you up. If you feeling good it makes you feel better. And if you feel like giving up-like we all do sometimes-it inspires you to keep on keeping on." "In today's Microwave society. Everybody is searching for something to set them free. A little coke for your nose. A little libation to soothe your soul. A little herb to make you high and life just seems to float on by".
