RECENT REVIEWS OF CD- "Tom Ball brings very inventive and fresh tunes to the table. His playing creates images of Chuck Mangione and his relaxed character shows through completely." - Adam Frey, euphonium soloist (euphonium.com) "I really, REALLY, like Tom Ball's new jazz euphonium CD. This is straight-ahead, nailed to the wall main-stream jazz as it should be! Very, VERY, tasty playing with terrific ideas and a great solid euphonium sound. My first thought was this is Gus Mancuso fifty years later!! Grab a copy of this as soon as you can ... you gotta hear it!!!" R. Winston Morris, Tenn Tech
