UltraMax's hottest club tracks. Tested by Judge Jules (BBC Radio 1); performed by Penn State Innovation Orchestra. The Fusion of Classical and Techno. Did you think that you could dance to Vivaldi? 11 MP3 Songs ELECTRONIC: Dance, ELECTRONIC: Trance Details: Inspired by Paul van Dyk and Mozart, Gershwin and Moby, Depeche Mode and Tchaikovsky I combine technological innovations of the 21st century - acid sounds of analog synthesizers, deep bass and pumping energy of beat - with purity of classical instruments - piano, harp, violins and cellos - all with the goal of pushing the frontier of dance music further, towards the ultimate unity of classical and techno. Born in the heartland of Russia in a millennia-old city positioned on the cross-roads of Nordic and Slavic civilizations I follow in the footsteps of his outstanding compatriots: composers, writers, poets, and cosmonauts. Dedicating 7 years of his life to studying classical piano performance and another 7 to an advanced degree in computer science I am pursuing the quest of knowledge. My interests span from Sumerian history and cuneiform tablets to present day politics, from ancient astronomy to modern astrophysics, from computer music to advanced topics in gravity in superconductivity. People who are interested in Paul van Dyk Armin van Buuren Tisto should consider this download.
