

# Mp3 Vanishing Voices - A Musical Celebration

[DOWNLOAD HERE](#)

Original instrumental music blending the sounds of endangered animals, birds and habitats into a tapestry of indigenous rhythms and melodies from around the world. 12 MP3 Songs NEW AGE: New Age, WORLD: World Fusion Details: A Musical Celebration is the first of a two-album set inspired by and dedicated to endangered species living on our planet. This unique and creative album sets the listener on a musical journey around the world that blends the sounds of endangered animals and habitats with acoustic driven original compositions inspired by the indigenous rhythms, melodies and instrumentation found in the global family of cultures. It is that rare musical combination of acoustic world music and new age ambience highlighted by exceptional arrangements and audiophile production values. It is exquisitely packaged in a deluxe gift box accompanied by a 24-page companion booklet, which acts as a listener's guide designed to identify the sounds of nature and geographical environment of origin.
