

Playing And Reality - D. W. Winnicott

[DOWNLOAD HERE](#)

What are the origins of creativity and how can we develop it - whether within ourselves or in others? Not only does *Playing and Reality* address these questions, it also tackles many more that surround the fundamental issue of the individual self and its relationship with the outside world. In this landmark book of twentieth-century psychology, Winnicott shows the reader how, through the attentive nurturing of creativity from the earliest years, every individual has the opportunity to enjoy a rich and rewarding cultural life. Today, as the 'hothousing' and testing of children begins at an ever-younger age, Winnicott's classic text is a more urgent and topical read than ever before. Author: Winnicott, D. W.
