Auto-Blog Builder! Your Auto-Website Builder Add Hot, Fresh, Search Engine Optimized, Keyword-Targeted Blog Content to Your Site Automatically! Build a Giant Website With Thousands of Pages Instantly - All Real Content! No Spam Pages! Dear Friend, Auto-Post The Fresh, Relevant, Keyword-Specific Content on Your Site Quickly & Easily! How would you like to automate the process of adding the latest, hottest, freshest, most relevant keyword-specific content to your site quickly & easily? Let me rephrase that... How would you like to have a auto-site builder that auto-generates thousands of search-engine optimized, keyword-specific blog post pages on your website every day? Not only would that make your site visitors happy - everyone loves new, fresh and relevant content, but something else would also start visiting you much more frequently. Yes, I'm talking about search engines! Always adding new content to newly generated pages on your website (automatically), encourages search engine spiders to crawl your web pages more often and improve your web page listings/rankings. This in turn translates to increased traffic potential. Increased traffic has other side benefits like boosting sales through your shopping cart. The formula is a real winner: Fresh Content + Happy Visitors + Happy Search Engines. The question is, how can you do that? The answer and solution is... Auto-Blog Builder, your automatic website builder, created/invented by Kelvin Hui. What Is Auto-Blog Builder? Features & Benefits! Auto-Blog Builder utilizes the latest technologies to feed your website with hot, fresh, keyword-targeted, theme-related content and stories automatically, quickly and easily! Important Note: You do not really need to know any technical information about blogs, RSS or any of the latest technologies to use Auto-Blog Builder. Auto-Blog Builder considers several factors: 1. Unique content 2. Optimal internal link structure 3. Optimal file size 4. Scalability Here's a list of Auto-News Builder features and benefits: Generate thousands of keyword-targeted, theme-related content pages. Content is always fresh and optimized.
