New Jersey Graffiti Ska Dancehall 14 MP3 Songs WORLD: Reggae, ROCK: Ska Details: Bomb Town's debut cd! This band is shooting straight out of NJ. Full of sax and full of rhymes, Bomb Town are sure to light the dancehall on fire! Although they share members with our own Hub City Stompers, they are completely different band entirely. With their hard hitting rough and tough sound, the band has been dubbing their music "Graffiti Ska" with a street wise attitude and rhythms to match, this band is sure to make waves (to pun intended) in the ska scene.
