Pop/Rock 14 MP3 Songs POP: British Pop, ROCK: Modern Rock Details: Chad and I have been working together for nearly 10 years. Chad started out in bands with local musicians and has been doing so since the mid 90's. He's the young one at 23 years old. He's been playing since he was 12. I (Brent) have been composing and recording music well before Chad was even born. I began doing music in high school but began recording around 1977. Most of my music is pop or experimental pop as well as ambient/electronic music. Up until recently, We did most of the recording in a studio Chad built up in his parents basement. Since Chad is now a resident of Minneapolis, Minnesota we do our work via the internet. We use Audition for the multi-track. My studio is in my apartment (I also use Audition) and I do most of the demo recording of the songs there as well as all of the keyboards. Chad plays guitar, bass and drums and I do guitars, keyboards and the vocals. For those of you who watch DANTE'S COVE on Here!TV. Our song "Taxi Driver" was featured on the first episode of season one. We were quite proud of that as it is one of our goals to hear our music used in television and films. Give DANTE'S COVE a try, its a lot of fun and now available on DVD!!! If you liked the song "Taxi Driver" give our other stuff a try!!!
