"A musician first and foremost, the only things i take really seriously in life are music, family, and, friends. I enjoy playing music for people who dig hearing it as much as I like playing it. Sadly I am finding this is a dying breed. Ive been inspired by some of the greatest musicians and have created music that I feel is true to that legacy. Like them I hope someday to inspire other performing artists to be true to their heart and excel at their craft. I want to be counted strongly among todays musicians that lead the way back to the future by combining passionate lyrics with energetic music that people will want to listen to over and over again." "I love to be around good people and I'm happy that I have found a few in this life. If you don't do what you love in life, try to find a way to love what you do and if that's not workin, for christ sake move on. Life shouldn't be that complicated. Practice kindness, humility, and compassion and enjoy the ride"
