Their debut CD SPACE FOR RENT was released in February of 2003. Formed from members of local cover act Mercury Mayhem Band and longtime groove-rock band Rhinocerotie, the D-Flowers set out to create a solid collection of great rock and roll songs and succeeded with honors. The opening number "Elevate Your Mind" has been featured on Milwaukee radio, as well as "Spaceship Man". "Done with the Blues" ( which took second place at the summerfestBig Gig Contest ) and "Don't Drive My Car" have earned a place as crowd favorites in the live performances, and "Soul in Love" is the ultimate stadium mood-rock jam. The wide palette of styles guarantees a different favorite song for everyone, but the cohesive "ROCK FACTOR" of the CD holds it all together. We dare you to listen to "Done with the Blues" and not crave roast beef afterwards. Double Dog Dare Ya!
