I do, my DJ cd's always have good bass to test your systems and to even use in bass competitions. Are you missing the feeling of being in a rave b/c your rave scene has dried up. Crank up my cd's and get some glow sticks or a group of friends and you will feel back in the rave scene again. You know what you like so please listen to my cd and if you like it please purchase this. Being a inde artist I very much appreciate everyone who buys my cd's. Take care, DJ Tedness
