Contemporary Gospel and Spiritual Rap -- Songs from the heart of God to bring your heart to deep reflection and your life to renewed introspection. Songs of worship -- songs about life. 16 MP3 Songs

GOSPEL: Contemporary Gospel, HIP HOP/RAP: Spiritual Rap Details: The Lord visits me in the early morning, while I'm still sleeping, and awakens me with songs of praise and worship. It is such a sweet experience to feel His beckoning and to hear His call to surrender, worship, praise, hope, belief and faith. As I write and sing the songs that He gives me, it then becomes my prayer that He will be exalted and glorified by every thing that I do. It is my further prayer that you, the listener, will be blessed so much that God will make tremendous new changes in your life. It's so wonderful to be alive in the day and time that we live in and I can say that God has been ever faithful and ever true in my life. As I continue to learn how to fully surrender my will and my way into the hand God, I am humbled to think that He has chosen me to serve Him and to be His handmaiden. May this album be a wonderful blessing to you and your loved ones. Worship, praise and enjoy!
