A warm weave of original acoustic folk music from singer-songwriter Jason Bennett on his 4th cd. The songs of self-examination, loss, love and indecision are delicately sprinkled with acoustic instrumentation. 10 MP3 Songs FOLK: Folk Pop, FOLK: Gentle Details: Eleven Mile Records is proud to present the 4th cd from folk singer-songwriter Jason Bennett. The album features eight songs penned by Bennett, one Bob Dylan composition and a Jason Riggs song. The album is a collection of acoustic-themed folk music featuring Bennett on vocals, guitar and harmonica and Colorado musicians Rich Currier (Bad Dogs) and Chuck Haas (SimpleMan) backing him in the studio. Rich Currier adds a nice touch with some fine pedal-steel and acoustic guitar work and Chuck Haas weaves his fretboard spirit into Jason's songs of loss, indecision and love. The result is a delicate presentation of contemporary folk music with lyrics that represent this journey in which we are all on together.
