This album is thoughtful, melodic and very pleasurable. "Paint With Sound" is an excellent album for relaxation, love, work, study, creative things like painting or writing, and long trips. The melodies and harmonies are truly captivating. Jimmy Bear Pearson is a musical artist who has been performing and interacting with music on and off for many years. He has played several woodwind, brass, and stringed instruments throughout school and has had musical training. His music is influenced by a huge variety of contemporary and classical artists. The music he makes is conceived, performed, and engineered by himself (one track at a time) in his living area using a variety of guitars and instruments - all of which is mixed down to tunes with his Macintosh. The music is clean and clear, and is created to have a live (human) quality, but with just a touch of color as though lots of different people are playing the parts. Listen carefully to the music - it will take you on a journey you will sincerely enjoy! Stay tuned! There is a lot more music coming!! Enjoy!!
