Details: BQE is the first instrumental album from Larry John McNally. McNally is probably best known as a singer/songwriter whose songs have been recorded by The Eagles, Bonnie Raitt, Aaron Neville and many others. "Instrumental" may not be the most accurate description of this music. It is more in the vein of the ambient/wordless vocals genre, somewhere between Pat Metheny and Brian Eno. A number of these tracks have been featured in films, including "Mia Bella" in the Iraq war documentary, "The Ground Truth." This CD package is a special, signed, limited edition package, custom printed on special watercolor paper as a DVD package sized 18 page booklet. Another first here is the inclusion of 13 pages of artwork by LJM. The cover and additional artwork were designed by the renowned old school screen print masters, Hatch Show Print in Nashville.
