"These Days" is a fingerstyle guitar stroll through an eclectic blend of folk, jazz, classical and light rock...a musical journal to inspire the soul and mind. 15 MP3 Songs FOLK: Folk Pop, NEW AGE: Healing Details: These Days is a solo project by Michael Hood, a New York based guitarist and multi-instrumentalist. The album is a mix of instrumental and vocal music with styles ranging from contemporary folk to jazz to light rock. All the songs are built on a foundation of fingerstyle guitar, some kept simple, but on others there are added layers of extra guitar tracks (like Into All The World), flutes (like David Saul) piano, strings, drums, bass, and whatever else Michael could get his hands on! If youve read through the song list, youve probably already noticed a constant thread of the spiritual running through the CD. Faith has always been at the center of Michaels music, and even when writing or playing secular music, Gods spirit still ends up in the mix! Michael brings over 20 years experience with numerous bands, as well as solo projects, writing, conducting, and teaching. Hes played guitar with the jazz group Joshua (on the Pamplin label), guitar, lead vocal, and keys with the group Psalm 96, and a variety of instruments with a variety of other groups. Michael holds a Masters degree in music.
