P-DOT ENTERTAINMENT PRESENTS "PLAYALIFE" THA BEST KEPT SECRET. 2ND TO NONE FROM PA TO WV. 16 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: Hip Hop Details: The Playalife From Blocks 2 Hallways is actually our sophomore compilation album following the Outta Nowhere freshman compilation album, which was released in May of 2002. Unfortunately the group and label went through many unfortunate circumstances from early 2003 to late 2005, putting our operations on total shutdown. Fortunately, with Gods blessings were back stronger, wiser, and better than ever. This album which was originally titled Retroactive (track #3), is a statement that we were down but now were back. And its PAYBACK time for lost time! Which to me, the group, and our fans, brings revelation that some of lifes trials bring outcomes that are worth the struggle. So we thank everyone for their support and purchase. P-dot! 2ND TO NONE!
