Scobra caringly nursed Dion Vox back to life by spoon-feeding her moonshine. Dion Vox rose up from her early ashes and in turn, saved Scobra's life from the very thieves that had so nearly been her demise. Like the benevolent angel that she is, Jessie Hail guarded over them with her all-knowing-eye. They smiled, and She gave them the sun and the moon; the new-found trio began to leak out the truth of their souls for all to listen to.
