Details: SCANDALAZ Every now and then, a young multi-talented, modernizer pops on the hip-hop scene. This time he's Scandalaz. Kevin was born in East St. Louis, IL in the mid 80's; but he was predominately raised in Minneapolis, Minnesota. Like most of us, some of his best years were in elementary school where he found a love for basketball, girls, and being popular, which due to his charming personality, that came easily. It wasn't until his freshman year of high school that he discovered his hidden talent. Normally, he would watch and listen to others rap, but this time he decided to give it a try. Once that tongue started rolling, he couldn't stop flowing. He competed in several freestyle battles and gained a reputation for ripping other MC's. Kevin could leave a crowd mesmerized and the opposition showing him much love. Due to the flooding of compliments, about a year later, Kevin knew that if he focused on polishing his skills, he could offer something new and unique to the game of hip-hop. With this in mind, he started humbling himself at this early stage. Unlike middle school, in high school, he's not Mr. Popularity. Kevin keeps to himself so he can stay focused on what's really important like making the grades, graduating, looking out for his two sisters and beginning his career in music. He tries very hard to stay away from smoking, drinking, gangbanging, and creating enemies, things of which so many of his peers have become victim. He figures his struggle is hard enough, why make it harder? Everyday that passes, the struggle of his family not being able to live the life they work so hard to live fuels him with the ambition to make things happen. With plans to get a national distribution deal to get his family out of the ghetto, he's not depending only on his skills to pave the way. That's why it's so important to him to continue his education. Inspired by several industry heavyweights like the Ruff Ryder Camp, Nas, Jigga, Biggie, and Eminem, he also finds inspiration from upcoming rap acrobats such as Tigger Child, Storm

Stone, and B.A.B.Y.B.O.Y. Scandalaz represents a style that can be felt. He's hardcore, street, and raps about some of the wildest things in life, but his flip side appeals to the sensitivity of the women. The cards Scandalaz where given to play are filled with the unpleasant daily tales of life. Murder, kidnapping, penitentiary chances, and fear of facing hell are just a few of the lessons that define his reality. The way he plans to win the war is not to fall victim. He decides to write and testify about the life surrounding him. "Although, I choose not to participate in the comings and goings on around me, it's still my reality. It's a cold game out here and this world is scandalous. I'm not afraid to spit about it. So in my eyes, my name comes from what the world has become; Scandalaz. I don't condone it; but we all know it's reality and I won't sugarcoat life." Listening to some of the lyrics that come out of Scandalaz's mouth, it doesn't have to be sugarcoated for you to know it's sweet! Holla back!!! Scandalaz (tha wildchild)
