Thoughtful, hard-hitting, upbeat, Marimba driven, pop/rock/world music. 10 MP3 Songs POP: Power Pop, ROCK: Adult Alternative Pop/Rock Details: "A dancer turned musician all because of a marimba". These are the words that I would use to describe this incredibly talented musician/singer/songwriter. Her first passion was dance but quickly changed to music when she discovered the marimba at age 15. By the next year, she was invited to become a member of an all marimba ensemble. Later, as a member of the bands: The Present, Fuzz Factor, Girls of Fuzz, Shojobo and Bogo, she was able to both hone her skills at playing marimba and develop her unique sound. Her musical journey has led her in many directions since those early days but her vision has remained clear, she wants to make good music for people to listen to, and to that end she has achieved her goal. This CD is absolutely amazing!!! s. stortz shashe records People who are interested in Janet Jackson Lenny Kravitz Seal should consider this download.
