

Fast Numerical Methods For Mixed-integer Nonlinear Model-predictive Control

[DOWNLOAD HERE](#)

From the contents: From The Contents: - The Direct Multiple Shooting Method for Optimal Control - Mixed-Integer Optimal Control - Constrained Nonlinear Programming - Mixed-Integer Real-Time Iterations - Outer Convexification of Constraints - A Nonconvex Parametric SQP Method - Linear Algebra for Block Structured QPs - Updates for the Block Structured Factorization EAN/ISBN : 9783834882028

Publisher(s): Vieweg+Teubner Discussed keywords: Numerische Mathematik Format: ePub/PDF

Author(s): Kirches, Christian
