

How To Create And Setup A Database

[DOWNLOAD HERE](#)

A Step By Step Tutorial Many people tell me they aren't very fond of scripts, because the install frightens them a bit. And it's true: creating a database, importing tables, your site's root path if you don't know what you're doing, this looks pretty complicated. Luckily, it is not, once you get the hang of it. That's why I've created this step-by-step tutorial on how to set up a database. I've included a screenshot for every step of the way. Private Label Rights + Source Documents + Sales Website
