You've never heard her like this before!" - Mollie O'Brien, artist "I love this record. It really pushes my \*\*\*button." - Laura Love, artist "Babs, this is a rock record. This is your best record yet." - Tim O'Brien, artist "To those of us who know, love and have been fortunate to play music with or around Barbara, this new CD once and for all epitomizes all the wonderful things she has to say as an artist. This CD captures the things that make her a force of nature as an artist: fire, passion, humor, soul and technical skill that enable her to innately blend funk with swing, bluegrass with jazz, rock with folk music. Not an easy task, but one in the hands of this wonderful woman comes out sounding joyous and easy. Personally, I can't seem to extricate it from my portable CD player. I'm sure you'll find yourself in the same dilemma." - John Cowan, artist
